BOOK SYNOPSIS

William Gibson, author of the extraordinary multiaward-winning novel *Neuromancer*, has written his most brilliant and thrilling work to date . . . *The Mona Lisa Overdrive*. Enter Gibsons unique world--lyric and mechanical, erotic and violent, sobering and exciting--where multinational corporations and high tech outlaws vie for power, traveling into the computer-generated universe known as cyberspace. Into this world comes Mona, a young girl with a murky past and an uncertain future whose life is on a collision course with internationally famous Sense/Net star Angie Mitchell. Since childhood, Angie has been able to tap into cyberspace without a computer. Now, from inside cyberspace, a kidnapping plot is masterminded by a phantom entity who has plans for Mona, Angie, and all humanity, plans that cannot be controlled . . . or even known. And behind the intrigue lurks the shadowy Yazuka, the powerful Japanese underworld, whose leaders ruthlessly manipulate people and events to suit their own purposes . . . or so they think.

MONA LISA OVERDRIVE - Are you looking for Ebook *Mona Lisa Overdrive*? You will be glad to know that right now *Mona Lisa Overdrive* is available on our online library.
