## BOOK SYNOPSIS

Are you questioning the wisdom of current vaccine recommendations? Does something in your gut tell you that the conventional vaccine schedule is not right for your child? Have you asked your doctor about alternatives to vaccines but are still waiting for clear answers? Look no further for answers to how you can protect your child from infectious contagious disease in a safe and effective way with homeoprophylaxis (HP). You can stop worrying about mercury, chemical additives, or the fear of vaccine damage. Here's a tear-free method explained. Learn how to support your child's developing immune system while understanding the importance of childhood disease and appropriate immune system function. Get to know bacteria and viruses for what they really are and the deeper meaning of a fever. Find straightforward answers to your questions about what is hidden in vaccines, what they do to the immune system, and what this "herd immunity" is really all about. Contrast the confusing messages about vaccination coming from every direction with clear and concise facts, a fifteen-year study, and ongoing clinical evidence supporting HP. Finally, a natural answer to a difficult dilemma! Within you will find more on: • What is Infectious Disease? • How the Immune System Works • Homeoprophylaxis: The Vaccine Alternative • Questions and Answers • Clinical findings • Discussion on Vaccination • Access to Homeoprophylaxis • Quick Guide to Homeopathic Treatment of Infectious Disease
